Established in 1920, we have served families in the local community for more than 90 years. We have 12 individual chapels of rest for families to spend time with the deceased, and our service chapel is available for up to 60 people. We are happy to open the funeral home out of normal hours if you would like to visit one of our chapels to spend time with your loved one.

Our comprehensive range of coffins and urns provides a wide choice to suit all requirements. They are carefully displayed to enable you to browse the whole collection and make an informed decision.
